Course project showcase brief (Template & Video Brief)

Show what you built, how you tested it and what you learned. Edit, copy or download this free template, with inputs, a story order and review points.

Course project showcase brief

Purpose: Show what you built, how you tested it and what you learned.

Assignment goal: [Add your own information]
Your contribution: [Add your own information]
Method or prototype: [Add your own information]
Test setup and result: [Add your own information]
Main limitation: [Add your own information]
Link to the report or demo: [Add your own information]

Story order: Start with the assignment goal, show the method, compare the result with the goal, and finish with the next improvement.

Review: Use a 60-90 second overview before the demonstration. State which work is complete and which remains planned.

For a video (if needed): target duration, narration language, required visuals and one next action. Confirm scope and quote before production.

Turn your PDF, PPTX pitch deck, or brief into a 30-180s narrated business video

Upload slides or documents at Axiom Lab for free material analysis before production:
