Graduation project introduction brief

Purpose: Introduce a final project to examiners or portfolio reviewers without retelling the entire report.

Project title and discipline: [Add your own information]

Intended user: [Add your own information]

Design problem: [Add your own information]

Chosen approach and alternatives: [Add your own information]

Artifact or prototype evidence: [Add your own information]

Your individual contribution: [Add your own information]

Next evaluation: [Add your own information]

Story order: Show the problem in context, explain one important design choice, present the artifact, and close with what its evaluation revealed.

Review: Plan a 90 second introduction. Provide actual images of the work; discuss exact visual reproduction before commissioning a video.

For a video (if needed): target duration, narration language, required visuals and one next action. Confirm scope and quote before production.

Turn your PDF, PPTX pitch deck, or brief into a 30-180s narrated business video
