

Hackathon demo introduction brief (Template & Video Brief)

Help judges understand the working slice of a prototype before a live demo. Edit, copy or download this free template, with inputs, a story order and review points.

Hackathon demo introduction brief

Purpose: Help judges understand the working slice of a prototype before a live demo.

Challenge and target user: [Add your own information]

Working prototype scope: [Add your own information]

Demo starting state: [Add your own information]

Three demo steps: [Add your own information]

Dependencies and known gaps: [Add your own information]

Team contribution: [Add your own information]

Repository or demo link: [Add your own information]

Story order: Name the user's problem, preview the working flow, show the result and explain what would be built after the event.

Review: Prepare a 60 second setup. A generated overview is separate from a screen recording; capture working software yourself when exact behavior matters.

For a video (if needed): target duration, narration language, required visuals and one next action. Confirm scope and quote before production.

Turn your PDF, PPTX pitch deck, or brief into a 30-180s narrated business video

Upload slides or documents at Axiom Lab for free material analysis before production:
